THE BRADLEY FERTILIZERS.

THE increased yearly sales of
BRADLEY'S FERTILIZERS
for the past thirty-one years,
since 1861, are illustrated
by these pyramids. The
sales in 1861 were
about 500 tons, as
represented by this
SMALLEST PYRAMID

1861.

This Pyramid indicates the 1892 sales of Bradley's Fertilizers.

THE REASONS FOR THIS INCREASE:

The BRADLEY FERTILIZER CO. use only the *best* of crude materials, which are carefully prepared by approved machinery according to formulas based upon thorough field tests, thus furnishing the best plant-food possible to secure. These essential requisites, combined with liberal dealings with the farmers, have made the BRADLEY FERTILIZER CO. the largest manufacturers of Commercial Fertilizers in the world.
